Comitato di pubblica Onoranza alla Memoria di
Giuseppe Mazzini.

New York April 19th 1878

For 45

Sir

At the meeting held by this Committee on the 14th inst. You were nominated and unanimously elected an honorary Member of the Same.

The principles so nobly, vigorously and persistently advocated by you on this side of the Atlantic, being identical with those as nobly, vigorously and persistently proclaimed by the great Italian patriot, Guiseppe Mazzini on the other, and the sympathy you evinced for this Committee at an earlier stage of their labors, justify them in anticipating, that you will, by your acceptance of the tendered Membership, add to the eclat of the inauguration of the Monument, soon to be erected to his Memory in central Park.

Awaiting the pleasure of your reply, I have the honor to be,

Yours Respectfully
P. Parodi
